SIMPLE user's guide for Premium Members

We Have the Answers and the Plan for Your Business

gy People Don't Have to Learn, or Even Login To!

WE PROVIDE THE MARKETING PLATFORM, INTELLIGENCE and LABOR!

Your Chamber of Commerce understands what it takes to document and market businesses throughout the community. By joining the Chamber as a premium member, you will have access to an amazing solution.

The Chamber also understands that most of its members don't have the time needed to develop a plan, or properly document their services.

WE ARE LOOKING FORWARD TO SERVING YOU... No Really!

- - - - X

Indeed you can find just about everything on search engines like Google® and Bing®, but when you look in depth locally, there is almost nothing to find. Your Chamber wants to change that and be sure members are properly documented for search. Additionally, it is also critical that they are also ready for the huge increase in mobile device usage.

This is an exclusive **MEMBER ONLY** service that would be very costly if purchased outside of membership.

Instead of asking members to log in and document their businesses, the Chamber will be providing your business with a Chamber Assistant who will be doing most of the work for you. You will be asked about your services over the phone and/or via texting. Once the program goes live, you will be provided access to your own “Auto Mobile Assistant”. From here you can easily communicate with your Chamber Assistant right from your phone without even logging in.

“

The Chamber of Commerce is Traditionally the Most Trusted Source for Local Information. Businesses who Are Part of the Chamber Will Benefit from The Chambers’ High Ranking on Search Engines.

Reports

You may review your current and past month's marketing reports of your various professional services and / or products. It is important to understand what people are searching for when they find your services online and via your mobile app.

Votes

Impressions and clicks are valuable to know, but when people interact with your displays and register a vote you begin to understand what it is you offer that people seem to appreciate most. Use this information to determine what you might want to advertise.

Anytime Survey

Your team at the Chamber always wants to know how you feel about the services they are providing to you. This module helps you to easily update our staff on how we are doing and we truly appreciate your feedback.

Add Display

ADD AS DISPLAY

The Auto Mobile Assistant is provided as a direct connection to your Member / Chamber Assistant. You're able to easily enter information about a display that you would like us to edit and post for you. You can enter as much, or as little, information, attach a photo from your phone (or not), and we will complete the ad copy and even assign a licensed photo or build a story slide as part of your membership (at no extra charge). This may quickly become a Marketing Assistant right in your pocket... try it out and be amazed.

ADD AS REFERENCE

We know that many members operate businesses that can really benefit from having many references. For this reason, we have built a wonderful way to build out an incredible reference catalog.

Let's take a landscaping contractor for example: You complete a project, go to your text messaging and open your Auto Mobile Assistant. Then click on ADD Display, Enter the Name of Your Just-Completed Job, Maybe Add a Little Detail, Snap a Photo, and then click the button ADD REFERENCE.

Your Member/Chamber Assistant will be notified of your new reference so they can check it, edit it, and spruce it up before it goes live. This is ideal if you want to share the link to your Auto Mobile Assistant with your employees so they can begin to submit references to the catalog, as well as be sure they are checked by our team before they go live. If you ever want to bypass your Chamber Assistant, please let us know so we can show you how to post direct. Each reference will be added to the references section of your catalog and on your mobile app.

View Catalog

Enjoy reviewing your ever-improving product, services and/or references catalog for your business.

Contact Support

We care a lot about you so we always make it easy for you to contact your Member / Chamber Assistant.

Initial Setup

If you are a brand new Premium Level Member and choose to use our texting interview for your initial setup, please click the Initial Setup button from the Auto Mobile Assistant App that was texted to you and answer a few short questions.

This button only appears at the very beginning of the process.

Services Summary

We pledge to deliver amazing services to every member by handling all of the business onboarding and ongoing documentation. This work will enable us to deliver a beautiful product or services catalog, local golden ticketing system, mobile application, and text prospect generation system. Each month, you will receive a formal email update with all of the program information, stats, and we will also text you your own www.AutoMobileAssistant.com where you can easily add both displays, and references, that your Chamber Assistant will complete and publish online.

Publish All Over the Internet

Join Today

When you join as a premium member you will be essentially hiring a member assistant without the hourly rate. They will be providing a turn-key marketing program for your business.

We Do The Setup

The last thing you want to hear are those three famous words... LOG IN HERE. You will never need to log in unless you want to because that's the point of this entire service.

We Present Program

You always remain in control because when we build out your initial marketing program, we will be calling to take you on a tour and get your approval. We are also USA based so there is no confusion!

Very Easy to Update

You are going to love our program and how easy it is to provide clues to your member assistant. Just tell us your random, or very specific idea on what you would like us to add and we'll get that done for you.

Significant Leverage

Instant publishing to multiple channels so no matter which way your prospects, or customers, choose to follow you they will see your updates. These are always updates to current services, or brand new ad displays.

WE ARE GOING TO BE PUBLISHING YOUR BUSINESS ALL OVER THE INTERNET... And We Are Doing the Work!

Whenever Your Member Assistant adds a business display it will be published to: Your Business Catalog, Your Mobile Application, Your Facebook Business Page, Your Business Twitter Account, Your Traffic Catcher Website, Your Current Website (If You Have One), Your Displays Will be Indexed by Google and Bing, Included on the Community Website, Included on the Community Mobile App of Apps, and Included on the Community Local Golden Ticket Directory.
